NOW THEREFORE, WE, LAR INVESTMENTS, DO HEREBY DECLARE THE FOLLOWING:

1. All of said lots in said subdivision shall be, and be known and described as: Residential lots, and no structure shall be erected, altered, placed or permitted to remain on any residential building lot other than one detached single family dwelling, with attached garage, which may also be located in the basement, and which must be for a minimum of two cars. No carports are permitted.
2. Regarding home occupation, please note the City of Collegedale's Ordinance as of July 2004 shall prevail (see as follows):
HOME OCCUPATION
Home Occupation. An occupation conducted in a dwelling unit where only those residing on the premises shall be employed. The use of the dwelling unit for the home occupation shall be clearly incidental and subordinate to its use for residential purposes, and not more than twenty-five (25) percent of the floor area of the dwelling unit shall be used in the conduct of the home occupation; there is no change in the outside appearance of the building or premises, no traffic shall be generated in greater volumes than normal, and such home occupation shall not create noise, vibration, glare, fumes, odors, or electrical interference.
3. No building shall be located on any lot nearer than 25 feet to the front lot line or nearer than 25 feet to any side street line or nearer than 10 feet to any interior lot line; further, there are certain set-back requirements provided for and shown on the subdivision plat, which are incorporated in and made a part of these Restrictive Covenants. 4. It is provided that not more than one dwelling house shall be erected or maintained on any one lot. This will not prevent the use of one or more lots or parts of lots as a single building plot of ground, providing that the division or re-arrangement of boundary lines of subdivision lots shall not reduce the basic width and size of the original lots as platted, or increase the total number of lots in said subdivision, and that the same shall conform to zoning laws and subdivision regulations in effect thereon. No lot or any part thereof shall be used as a means of access (either public or private) to other lands or used for the installation of utilities serving other lands. However, Developer does hereby reserve the exclusive right to use a lot or part of a lot as a means of public and/or private access to and from other lands and/or to use a lot or part of a lot for the installation and maintenance of utility and/or drainage and/or sewage lines serving other lands, and Developer reserves the exclusive right to grant, transfer and convey these rights to others.

6. No part of any lot shall be used for residential purposes until first a completed dwelling house, conforming fully to the provisions of this instrument, shall have been erected thereon, the intent of this paragraph (6) being to prevent the use thereon of a garage, incomplete structure, trailer, barn, tent, outbuilding or other structure as a temporary living quarters before or pending the erection of a permanent building. No structure of temporary character, including trailers and similar structures, shall be erected or permitted to remain on any lot except during the period of construction. Notwithstanding anything herein to the contrary, developer and builders reserve the continuing right to maintain the temporary field office and the construction office trailer on any unsold lot in the subdivision as long as Developer and builders are engaged in the development and marketing of the subdivision and/or in the construction of residences on lots in the subdivision.
7. Any residence being erected on a lot shall be completed within nine (9) months from the date of the pouring of the footings for said residence.
8. No dwelling house shall be erected or permitted to remain on any lot in the subdivision unless it contains the minimum number of square feet of enclosed living area, exclusive of open porches, screened porches, garages, eaves, steps, and basements (whether finished or not), set forth below:
 - (a). All one level residences to be a minimum of 1,600 square feet.
 - (b). All other style residences to be a minimum of 2,200 square feet.
9. All dwelling houses shall have conventional and acceptable frontal appearance from the main street fronting said lots.
10. It shall be permissible for Developer to rearrange boundary lines of lots, if so desired, and to combine lots or parts of lots into one building plot, provided the same does not result in an increase in the number of lots once the subdivision plat has been recorded.
11. That no more than one dwelling shall be erected on any one of said lots and any building on the premises shall be neatly painted or stained nor shall any asbestos siding be used in construction of residence. Blocks on rear of residence may be stucco. Landscape work must be completed within 90 days of completion of house or occupancy. Each house shall have a Gas Light Mailbox.
12. Each residence constructed upon a lot must be served by a driveway, paved with concrete.
13. No bathhouses will be permitted to be erected or maintained without the written approval of Developer of its location, style, material and size.
14. Before any construction is commenced or carried on upon any lot, plans and specifications for any dwelling house to be constructed on any one of said lots shall be submitted for approval to Developer, and written approval thereof by Developer must be procured. Said plans and specifications submitted will be kept on file by the Developer. Because of the Developer's intense concern that all of said lots develop into a subdivision of character and good taste, many factors beyond minimum square footage of floor space will be considered before plans and specifications are approved. Some of these factors will include, among other things, such consideration as: how the architectural style fits in with the other homes constructed in the subdivision, roof pitch, masonry and siding materials, window placement, driveway and garage door location and the like. A roof pitch must be a minimum of 6/12 unless otherwise approved by the Developer.

15. No sheep, swine, goats, horses, cattle, burros, fowls or any like animals shall be permitted to be kept or to remain on any of the lots hereinabove described, or to roam at large on any of the streets bordering the same. There shall be no kennels permitted on any lot in the subdivision, for the commercial breeding of domestic pets. No liquor, beer, wine or other intoxicating substances shall be sold within the bounds of said subdivision.
16. Whether expressly stated so or not in any deed conveying any one or more of said lots, each conveyance shall be subject to existing governmental zoning and subdivision ordinances or regulations in street thereon.
17. All of said lots in said subdivision must, from the date of purchase, be maintained by owner in a neat and orderly condition (grass being cut when needed, as well as leaves, broken limbs and other debris being removed when needed). Tree limbs, rocks and other debris must be kept out of the street. In the event that an owner fails, of his own volition, to maintain his lot in a neat and orderly condition, developer may enter upon said lot without liability and proceed to put said lot into condition, billing cost of such work to the owner. All property owners in the subdivision are requested to aid in keeping cars, trucks, and delivery trucks off the curbs of the streets, as the same can easily be broken, particularly when new. Also, all owners of lots must keep the street clear of concrete blocks, concrete, and building materials while residence is under construction.
18. There shall be no detached garages, outbuildings or servants quarters, but a bathhouse built expressly in conjunction with a private swimming pool shall not be included in this prohibition. Thus a bathhouse will not have to be connected or attached to the dwelling. However, such a structure shall not be included in complying with any minimum square footage requirements as otherwise set forth herein.
19. In the event of a minor violation of these restrictive covenants, a waiver thereof may be made by Developer. Any such waiver, shall be in writing and recorded in the Register's Office of Hamilton County, Tennessee.
20. No sign of any character shall be displayed or placed upon any part of the property except those advertising the property for sale or for rent and those used by the builder to advertise the property during the construction and sales period, and signs referring only to the premises on which displayed. No such sign shall exceed twelve (12) square feet in size nor have an over all height exceeding five (5) feet in size nor have an over all height exceeding five (5) feet above ground level, excepting only developer's signage.
21. Any damage done to street, sidewalk or curbing by the owner of any lot or by contractor employed to build improvements on any lot will be repaired immediately at the expense of the owner or contractor. Temporary construction support must be provided for the curbs and sidewalks by the owner or contractor during the time of construction.
22. Fences are allowed no nearer the front line than the rear elevation of the residence. The design and materials used in such fence construction must be approved by the Developer.

In the event that, for any reason, any one or more of the foregoing protective covenants and restrictions be construed by judgements or decree of any court record to be invalid, such action shall in no way effect the other provisions, which shall remain in full force and effect. The owner is hereby declaring that said restrictions are not interdependent but severable, and any one would have been adopted even without the others.

Each and every one of the aforesaid covenants, conditions and reservations shall attach to and run with each and every one of the said lots of land and titles to, and

estates therein, shall be subject thereto and the same shall be binding upon each and every owner or occupant of the same until September 1, 2024, and shall be extended automatically to apply to each of said lots for successive periods of ten (10) years thereafter unless, by action of a minimum of sixty-six and two-thirds percent (66-2/3%) of the then owners of the lots, it is agreed to change said covenants in whole or in part; provided, further, that the Instrument evidencing such action must be in writing and shall be duly recorded in the Register's Office of Hamilton County, Tennessee.

Neither the undersigned, nor any part of parties shall or will convey, devise or demise any or either of said lots, or any part of same, except as being subject to these covenants, conditions and restrictions, and the obligation to observe and perform the same. These covenants, conditions and restrictions shall run with and be appurtenant to the said land and every part thereof as fully as if expressly contained in proper and obligatory covenant or conditions in each and every contract or conveyance of or concerning any part of the said land or the improvements to be made thereon.

If any party or parties shall violate or attempt to violate any of the covenants or restrictions herein provided for before September 1, 2024, or within the extended time as hereinbefore provided for, it shall be lawful for the Developer, their respective successors, heirs or assigns, or any person or persons owning any of said lots to prosecute any proceedings at law or in equity against the person or persons violating or attempting to violate any such covenants or conditions; and either to prevent him or them from so doing, or to recover damages or other dues for such violation, including reasonable attorney's fees.
